HISTORY

2 Chronicles 30

HISTORY IS COMPLICATED

- The “heroes” commit terrible sins.
- The “villains” show glimmers of hope.
- Some will try to use this to tear down the plain instruction of God.
- Complicated doesn’t mean false.

WHAT IS THE POINT?

- There are lessons to be learned from history (1 Cor. 10:6).
- They were written with specific lessons in mind (2 Tim. 3:16-17).
- But the stories are about real people.
- Pay attention to what God says about the history.
- Don't question His assessment.
